ChinaCache Appoints Former Incapsula Executive to Lead North American Growth

BEIJING, Sept. 26, 2017 (GLOBE NEWSWIRE) -- ChinaCache International Holdings Ltd. ("ChinaCache" or the "Company") (Nasdaq:CCIH), a leading total solutions provider of Internet content and application delivery services in China, today announced the appointment of Mr. Luis Curet as the General Manager of ChinaCache North America, Inc. ("CCNA"). In this role, Mr. Curet will be responsible for the business operations and management of CCNA, and be based in ChinaCache's Silicon Valley office.

Mr. Wang Song, CEO of ChinaCache, commented, "We are very pleased to welcome Luis to the ChinaCache team. We are excited about our strategy to leverage CDN, data center and Internet exchange (CHN-IX) to grow internationally and become a global leader in the industry. We are focused on staying ahead of the market trends to deliver leading CDN services and solutions to our customers around the world. Luis's vision and experience will help us to become a world-class global Internet company and further enhance our customer's experience."

"I had the opportunity to work with ChinaCache during my tenure at Incapsula," said Mr. Curet. "ChinaCache was a key partner and I was very impressed with their technology. I feel my business experience within Silicon Valley and across North America will significantly help us grow our business with companies that are looking to expand their presence within China."

Mr. Curet began his career in engineering with IBM, before moving into sales and marketing. He gained extensive experience in the technology sector by working more than 15 years in IT security & networking firms, where he held multiple senior leadership roles. Before joining ChinaCache, Mr. Curet was Vice President of Sales, Americas at Imperva Incapsula. He also currently serves as an advisor for several start-up companies with international operations. Mr. Curet holds a Bachelor of Science degree in Industrial Engineering from the University of Wisconsin - Madison.
